Tom Payne - L.C.P.A.– Airport Police
Recently a vehicle gained unauthorized access to Page Field and the runways.

Remember to allow the gate to close behind your vehicle before moving away from the gate area. Always escort your guests while they're on the airport. Don't get into a confrontation with those who won't cooperate; call the Airport Police at 590-4810 or the Aviation Center at 936-1443 to report what happened.

Gary Duncan - L.C.P.A.

The Transportation Security Administration (TSA) is proposing additional regulation that would impact general aviation flights. Although the proposed changes will affect aircraft over 12,500 pounds, it is believed that this is the 'foot in the door' to push for more regulations for all GA aircraft. For more information on the proposed changes and how to comment, use the link below.

The Fort Myers High School Aviation Club trip to the National Business Aviation Association (NBAA) convention in Orlando, FL was a great success.
