Meeting notes

Patty Bittner-Berg - PFA

EAA Chapter 66 had a good turnout for their monthly pancake breakfast.

Gary Duncan - L.C.P.A.

Page Field tenant Will Stout was interviewed by WINK TV about the Transportation Security Administration (TSA) proposed Large Aircraft Security Program (LASP).

Will Stout being interviewed

His opinion as well as many others is that the proposed rule is far too restrictive for private aircraft operators.

The proposed rule would apply virtually all the security rules that airlines and charter operators currently work under.

Port Authority staff are continuing their efforts to secure funding for the next phase of construction for the eventual construction of a new terminal at Page Field.

Several major phases are already complete that include taxiways and aircraft parking areas as well as many infrastructure improvements for the terminal project.

Scott Sheets - L.C.P.A.

Staff members from Congressman Connie Mack (R-FL) and Senator Mel Martinez (R-FL) offices toured Page Field recently to learn the benefits that the airport provides Lee County and the unique challenges facing Page Field.

Brian Solis - L.C.P.A.

Even with less air travel RSW is holding its own compared to other airline airports in Florida.

Jessica Stearns - Paradise Coast 99s

Air Race Classic organizers are busy planning the 2010 Air Race Classic that will start at Page Field.

The race is against the clock with a handicap speed that the teams strive to beat.

Since the difference between scores to win and best segment or "leg" scores are getting

very close to each other, establishing a handicap speed for each aircraft may be done for the 2010 race. If this is done it will be a large undertaking and more volunteers will be needed.

Lets go flying
